

How quickly the holiday season goes by.

All that preparation and it whizzes by in a blink of an eye. That's why you have to make the most of it.

I hope you all had a wonderful time

**Kind regards,
Janet and the Janac Team**

Assisted Device Programme - Ontario

One of my clients e-mailed me because she was upset that ADP doesn't cover the cost of our Been-A-Boob. I too, have been frustrated at the injustice of not having coverage. I called ADP and was told they will only cover a portion of the cost of a silicone prosthesis. I said, what if the lady didn't want to wear a silicone prosthesis, I was told - then it won't be covered. No explanation as to why ladies in other provinces get their BAB covered, as well as their mastectomy bras. Apparently, in this great country of ours, we are not treated equally. My client has contacted the Minister of Health, and her MPP to see if anything can be done. I will keep you updated as to any developments in this respect.

Please e-mail me if you are in a province other than Ontario and have had your claim for the BAB rejected.
